Dear Family Outreach Supporter,

You are only here on this planet for a short while. The legacy you leave is not just in your possessions, but in the quality of your life . . . and more importantly in the quality of your family's life.

Unfortunately, in Nueces County the quality of life for many families is in danger. According to the Nueces County Victim's Advocate, **cases of abuse affecting families in this community are now spanning 5 generations.** Generational cycles of abuse are passed down from parents to their children and unfortunately repeated cycles of abuse often become normalized for these families. Studies have shown that **more than 30% of abused and neglected children will later abuse their own children.** With each generation, the abuse becomes more ingrained, more destructive . . . and more likely to be repeated.

Is this the legacy we want to leave our children?

**With your help,** Family Outreach can provide these struggling families with tools such as **free** counseling, education, support groups, and other resources to equip them with the skills they need to increase their awareness of abusive patterns in the family and make changes.

Your donation means faster healing for families.

Your donation means hope for a better tomorrow.

Your donation means we will more quickly eliminate the effects of generational abuse on our children and their grandchildren.

Your donation will provide free services to families who otherwise wouldn't be able to afford it.

Contribute now and you can help us break the cycle of generational abuse for families in our community. Without your help many families in Nueces County may never experience a life free of abuse.

**Leave a legacy you can be proud of.**

With thanks for your generosity,  
Family Outreach Corpus Christi, Inc.
